Destroyed the Petition.

As stated in last issue, Capt. Herndon produced a formal application at the recent Cuban meeting and asked those who wanted to fight to sign it. Those up in front felt bound to sign, and did so, but the paper cannot be found. It surely is not possible that the warriors bold want to get out of going.

Crow Wants to Fight.

James "Crow" Dillon has made formal application to Gov. Bradley for permission to raise a company of cavalry to be known as the "Bradley Hussars." Crow "fit" through the last war but wants to go again.

Second Assistant Editor.

Col. W. P. Walton, the brainy editor of the Stanford Journal, is the happy father of another boy. The young gentleman arrived Sunday and has been named Miller Owsley, in honor of his maternal grand and great-grand fathers. Here's to Miller's good health, his parent's good health and may they all live long and prosper.

Hustling and Accommodating.

Charley Frisbie is both a hustling and accommodating young fellow. Last Sunday he hired a buggy and went to Stanford after daily papers for many of our citizens who wanted the latest war news. It is seldom you find a man these days who would walk across town to accommodate anybody, to say nothing of going to expense to do a favor.

Dampened Their Powder.

The report that Jim Hamilton would go to every windy, so-called patriot and offer him a blank to enlist and fight, has dampened the patriotism of many of the store-stove gas bags. Those who want to fight will be given the opportunity to do so and as its time for action and not words every able-bodied man will be given a chance. No gassing but fight.

Good for Butler.

Butler Egleman's recent roast in his Leaf letter about merchants sending to foreign concerns for printing has had the effect of bringing back to us three old and two new customers. Butler is a mighty clever fellow and never did but one mean trick in his life. That was putting a drove of cows in Alex Ely's shop at Paint Lick one night. Ely always blamed the writer with it, but it was Butler's job.

Premium.

Your premium is given this season in low prices and extra quality of your suit of goods. Prices as low as in low tariff days. A reduction is given from ordinary prices. The object is to save a few dollars. Satisfaction guaranteed in fit and quality. No freight charges and goods at city prices. It takes 3,000 clerks, an army of salesmen and a capital of \$1,000,000 to supply Wamsmaker and Brown's customers.

M. D. Hughes, Agent.

City Council.

The City Council met in regular session Monday night. Some matters of minor importance were transacted and then the fixing of the tax levy for this year was gone into. It was found that the total of assessed property had fallen off about \$78,000 from last year's list and a committee was appointed to look into the whys and wherefores. They found that the falling off was caused by the settlement made by several guardians, the winding up of some estates and the distribution among heirs of the money. Property generally had been listed at its usual rate, save the Opera House lot which was given in at \$3,500 by Messrs. Owsley & Shanks. This lot was listed last year at \$5,000. The running expenses of the town are the same as has been for several years passed, but owing to the falling off in the assessment and the fact that the town has put \$300 into the new Work House, it was necessary for the Council to fix the rate at 50 cents. As stated above, this rate is not caused by increased expenses, but from the falling off in amount of assessed property. The Council has had drawn a small-pox ordinance and will have same published according to law soon.

We print jack bills.

County Treasurer.

The Fiscal Court elected Squire W. H. Kinnaird treasurer for the county to fill the vacancy caused by the resignation of W. T. West.

Our Treat.

Col. Louis Landram runs the most thoroughly independent paper that ever anybody read—nonpolitical in the true sense of the term. He is the gallant son of a noble sire—the late lamented and illustrious Gen. W. J. Landram, who was for many long years the recognized leader of republicanism in Kentucky. The Lancaster Record, however, has opinions of its own, regardless of antecedents and rips a republican up the back frequently with as much apparent avility as the blood-thirsty Indian used to scalp the first settlers in Kentucky. The Record states its position as plain as an old shoe upon all questions of interest to the public and in the display of wisdom in its columns there is apparent a fountain of wit and originality of expression that is really and truly refreshing. Louis Landram is one of the best fellows in the world, any way you take him, and is consequently a favorite with everybody.—Joe Watters in Harrodsburg Sayings.

Dripping Springs.

J. Mort Rothwell has a large force of carpenters at work on the Dripping Springs property and will soon have the place in tip-top shape. The hotel proper is being entirely overhauled, covered, new porches erected and will be painted. The rooms will be newly papered and new furniture placed in every room. The ball room, stables and "Governor's Lodge" will all receive attention from the carpenters and painters. Mr. Rothwell has a "backing" and will spare no expense in making the resort first-class in every respect. The road leading to the Springs from the Crab Orchard pike will be leveled and covered with gravel and will be kept in good condition the entire summer.

Mr. Rothwell's mother, who is conceded to be the best manager of culinary matters in Kentucky, will have supervision of the hotel and this alone insures first-class service in both dining room and hotel. The opening of this resort will furnish Lancaster people an opportunity to enjoy an occasional few day's recreation and they have the assurance of getting the best to eat that the market affords and their patronage will be appreciated.

For Better Railroad Service.

Arrangements were made for a meeting between some citizens and the L. & N. rail road officials at Louisville this week, but General Manager Metcalf telegraphed that he was called away by telegraph and would inform our folks when it would suit for another meeting. Those who will go to Louisville to urge the change are Hon. Stone Walker, of Richmond, Col. W. P. Walton, of Stanford, Squire W. H. Kinnaird, J. E. Stormes, Robt. Kinnaird, Col. J. W. Miller, J. M. Farr and Louis Landram, of this city. The change to be asked for is the same as stated in The Record several times, but we give it again. We want the present train reversed so as to come down from Richmond in the morning, making connection with the trains at Stanford. Then this train will return to Richmond after the Louisville and Midland passenger trains pass Stanford, and pass Lancaster (going to Richmond) about 2 o'clock. The train now leaving Richmond for Cincinnati at 6:30 a. m., we want to leave Stanford instead, passing Lancaster about 5 o'clock, or later. This is a passenger train strictly, and leaves Cincinnati about 3 p. m., stopping at Richmond about 7 o'clock. We want this train instead of stopping at Richmond to run on to Stanford passing here about 8 o'clock. This can be easily done and has many advantages which the committee will lay before the rail road officials. Some say the trip will do no good, but one thing is certain and that is we will never get any better facilities unless we hustle for them, and bring the matter properly before the rail road company. It is not generally known, but Garrard not only paid the L. & N. big money for the road running through the county but but up a big lump to construct the part running from Richmond Junction (Rowland) to the Garrard line. It is our recollection that Madison also contributed largely to the portion in Lincoln.

The County Levy.

The Fiscal Court yesterday fixed the county levy at fifty cents. Twenty-five of this is for general purposes and twenty-five to be paid on the turnpikes. Only twenty-five cents can be levied for the roads. By making the levy for general purpose at the limit, it will leave a balance at end of each year which the Court may dispose of as it sees proper. By applying this surplus to payment on bonds the pikes, so we are informed, can be paid for in four years.

The Proper Thing.

At the meeting of the Fiscal Court Tuesday an allowance of \$150 per year was made Commonwealth's Attorney Jno. Sam Owsley. The pay of the Attorney is not enough, by far and Garrard did the proud thing by making this allowance. The other counties in the district give him similar pay, which brings the compensation to about what it ought to be. Mr. Owsley is a faithful officer and his earnest work should be properly rewarded.

Sudden Death.

The death of Mr. William Hubble, which took place Tuesday, was quite a surprise and shock to the community. He was taken suddenly ill Sunday and was an intense sufferer until he expired. Mr. Hubble resided on his farm at Hubble, Lincoln county, and was one of the most prosperous and prominent citizens in that neighborhood. He was in his 84th year and had enjoyed good health nearly all his life. He was a large stock raiser, and as he would handle nothing but the best, his animals always commanded top prices. Mr. Hubble was a member of the Christian church and a strictly honest and upright man. He leaves a widow and five children. They are Spencer Hubble, R. L. Hubble, Mrs. Mary Eubanks, L. G. Hubble and L. F. Hubble, of this city. Funeral services were conducted by Eld. George Gowan at the Hubble Christian church Wednesday afternoon at 2 o'clock. Interment in the Lancaster Cemetery.
